

Supervisor Electrical

For our client in Antwerp we are hiring a **Supervisor Electrical**.

Vacature omschrijving

As Construction Supervisor Electrical, you'll supervise and monitor the quality, safety and progress of work on the construction site related to installation of electrical equipment.

Your other duties include:

- ✓ Monitoring the progress and scope of contractor work and identifying delays.
- ✓ Checking, monitoring and correcting work performed by the contractor.
- ✓ Overseeing compliance with QHSE aspects on site and reporting and correcting unsafe situations.
- ✓ Report on current status of work to the Construction Manager.
- ✓ Monitor additional work and report on this to the Construction Manager.

Je profiel

- ✓ At least 5 years of relevant experience as Construction Supervisor on large construction projects within the petrochemical industry.
- ✓ Extensive practical experience in installation of electrical equipment.
- ✓ A good command of both the Dutch and English languages, both verbally and in writing.
